

JST Medical Resources 2020-21

The following (Family Practice and Internal Medicine) are general practitioners. We recommend going to a general practitioner for most medical care. It may not be necessary to see a specialist unless you have already been treated by a specialist for a particular condition. General practitioners can refer you to a specialist if necessary. Those listed are accepting new patients as of 1/6/2021.

As of 1/6/2021, the providers listed here have confirmed they are contracted/in-network with Santa Clara University's student health insurance plan, Anthem Blue Cross PPO Prudent Buyer Student Health Network. When making an appointment, it is best to *re-confirm* the provider is still contracted with them, as things change.

Students with their own health insurance should contact the provider office to ask if they are contracted/in-network with their personal insurance plan.
